

BIO-DATA

YNU International Symposium 2026 (Yokohama-SXIP Program)

1. Personal Details

Name: B. Pazhani Vel
Contact Number: +91 9363905431
Email Address: pazhanivel680@gmail.com
GitHub: github.com/pazhani-vel
LinkedIn: linkedin/pazhanivel

Roll No : 2024506066

Date of Birth: 01/06/2007
Gender: Male
Nationality: Indian
Passport Status: Not Available

2. Academic Details

Institution: Madras Institute of Technology (MIT Campus), Anna University

Programme: Bachelor of Technology – Information Technology

Year of Study: 3 Year (2024–2028 Batch)

Current CGPA: 9.7 / 10

Department: Information Technology

Previous Education

- **Higher Secondary (Class XII):** 2024 – 91%
- **Secondary School (Class X):** 2022 – 94%

3. Technical Skills

Programming Languages

- C
- C++
- Python
- JavaScript

Web Technologies

- HTML
- CSS
- React.js
- Node.js
- Express.js
- Flask

Database

- MongoDB
- SQL

Machine Learning & AI

- Scikit-learn
- TensorFlow
- Pandas
- NumPy
- MLflow

Cloud & Tools

- Git
- GitHub

Core Subjects

- Data Structures & Algorithms
 - Object-Oriented Programming
 - Database Management Systems
 - Machine Learning
 - Probability
 - Statistics
 - Linear Algebra
-

4. Projects & Hackathon Experience

Issue Tracking System (MERN Stack)

Developed a full-stack issue management platform using MongoDB, Express.js, React.js, and Node.js that enables users to create, track, update, and resolve issues efficiently. Implemented secure authentication, role-based access control, issue prioritization, status tracking, and REST APIs for seamless communication between frontend and backend.

Student Mark Predictor (Machine Learning)

Built a machine learning application to predict student academic performance using Python and Scikit-learn. Performed data preprocessing, feature engineering, model training, evaluation, and deployment, enabling accurate prediction of student marks through an interactive interface.

Movie Booking and Streaming System (React + Flask)

Designed and developed a movie booking and streaming platform using React and Flask. Implemented user authentication, movie catalog browsing, booking management, streaming functionality, and backend APIs with database integration for a complete entertainment solution.

5. Hackathons & Competitions

Smart India Hackathon (SIH) 2025

- Participated as a team member in developing an innovative technology solution for real-world problem statements.

Barclays Hack-O-Hire 2026

- Selected among the **Top 20 Teams**.
- Developed an AI-powered ML solution demonstrating strong problem-solving, machine learning, and software engineering skills.

Google Developer Hackathon 2025

- Participated in building scalable software solutions using modern web technologies and collaborative development practices.
-

6. Certifications

- Pandas – Kaggle
 - Python for Data Science – NPTEL
 - C++ Programming – Udemy
 - Software Engineering Job Simulation – Forage
 - Introduction to Generative AI and Agents – Microsoft
-

7. Extra-Curricular Activities

- Member – Computer Society of MIT
- Member – AU Student Entrepreneurship Club
- Member – National Service Organization (NSO)

8. Languages Known

- English
 - Tamil
-

9. Statement of Purpose

I am a passionate Information Technology student with a strong interest in Artificial Intelligence, Machine Learning, Full-Stack Development, and Software Engineering. Through academic excellence, practical projects, and hackathon participation, I have continuously enhanced my technical and problem-solving abilities.

My projects, including an Issue Tracking System built with the MERN stack, a Student Mark Predictor using Machine Learning, and a Movie Booking and Streaming System developed with React and Flask, have strengthened my understanding of scalable software development and intelligent systems. Participating in competitions such as Smart India Hackathon, Google Developer Hackathon, and Barclays Hack-O-Hire has further improved my teamwork, innovation, and technical expertise.

The YNU International Symposium provides an excellent opportunity to interact with students and researchers from diverse backgrounds, gain international exposure, and explore emerging technologies from a global perspective. I aspire to contribute my knowledge while learning advanced research methodologies and cross-cultural collaboration. Representing Anna University at this prestigious symposium would be a significant milestone in my academic and professional journey.

10. Declaration

I hereby declare that the information furnished above is true and correct to the best of my knowledge.

Place: Chennai

Date: 16/06/2026

Signature

B. Pazhani Vel
